

# Accessibility Compliance Form

Development Services 1900 North Civic Square, Second Floor, Goodyear, AZ 85395 (623) 932-3004, Opt 2

This form shall be completed by the project designer for all alterations to existing structures. One copy shall be attached to each set of construction plans provided at submittal.

## 1. Project Information:

Project Name: \_\_\_\_\_

Project Address: \_\_\_\_\_ Suite: \_\_\_\_\_

Prior Group or Occupancy: \_\_\_\_\_ Current Group or Occupancy: \_\_\_\_\_

2. Level of Compliance – Occupancy is contingent upon an accurate assessment of the space and compliance with the requirements of the 2018 IBC, the 2010 ADA Standards for Accessible Design (ADAAG), and 2009 ICC/ANSI A117. City of Goodyear inspectors will determine final compliance acceptance.

Choose which item(s) apply:

- The accessible route, from the accessible parking to the altered space, including the restrooms and drinking fountains serving that space, is in full compliance with the accessibility requirements of the 2010 ADAAG.
- Upgrading the existing restrooms is technically infeasible as defined in ADAAG 106.5, and the existing fixture count cannot be reduced per section 2902 of the IBC. Therefore, a unisex toilet room is provided in accordance with ADAAG 213.2 exception.
- The cost of providing a fully compliant accessible route exceeds 20% of the cost of the proposed alterations, including mechanical, electrical, and plumbing costs (refer to ADAAG 2002). Therefore, the following items on the accessible route will be upgraded to the 20% limit:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

## 3. Certification:

I certify, as designer of this project, that I have reviewed the construction documents and the accessible route to the space for compliance with the International Building Code’s adopted by the City of Goodyear, and submit the above information as being accurate.
